FORMATION OF TEAMS AND PLACEMENT OF PLAYERS

- ✓ Existing players from previous season automatically go to the team they played on the previous season. These "**CORE**" team rosters will be verified by each association. Any and all players added to any team will be a blind draw or a player evaluation draw.
- ✓ If registration warrants formation of a new team, this new team starts with the children of the head coach (daughter, granddaughters, etc.), and the children of one (1) designated assistant coach. Head Coach will then add any and all new players by drafting on a player by player (if using blind draw) or a point by point (if using player evaluation draw) until he/she reaches or surpasses lowest player or point total for existing teams.
- ✓ The above formation of teams draft system must be monitored by NGGSBA and will be classified as recreational "B" teams.
- ✓ Any adjustment to "B" teams roster for such reasons as late sign ups, disbanded teams, transportation, or if any player, coach, or parent is not compatible will be accomplished by area member officials with the approval of the NGGSBA committee.
- ✓ Also, it shall be noted that these recreational "B" teams shall not at any time combine to form as one team.
- ✓ Any team not meeting the requirement to be classified as a recreational "B" team will be disbanded or classified as a select "A" team.
- ✓ When requested by head coaches from two separate teams in the same age group, the NGGSBA committee will review the status of a team and rule on "A" Vs "B" rating. If this involves a team from the organization of one of the NGGSBA committee members he/she will not be allowed to vote. This decision may be appealed to the NGGSBA. Their decision is final.
- ✓ Each area organization will decide coaching for his/her area.
